To Capital Health Network,

**Re: Early Psychosis Youth Service**

Grand Practice Health is writing this letter to inform you of our commitment to work with the successful provider of the Early Psychosis Youth Service - ACT.

Grand Pacific Health is providing this letter to any organisation who reaches out to us during the tender period. To be fair to all applicants, we are not providing letters of support to, nor are we endorsing individual providers.

Kind regards

A handwritten signature in blue ink that reads "Kellie Kembrey".

Kellie Kembrey

Executive Manager Quality and Business Development.
