Activity Priorities and Description

Program Key Priority Area *

Mental Health

Other Program Key Priority Area Description**Aim of Activity ***

This activity aims to support service delivery and build capacity of service providers to delivery services.

Description of Activity *

ACT PHN is working with contracted service providers to:
-Identify opportunities to improve access and support service delivery
-Build capacity within their teams to improve service delivery

This will focus on:

- Service navigation: working with service providers to support service navigation and referral pathways to other services that support a client's wellbeing
- Improving intake and assessment process including use of standardised tools that validated and strengths-based
- Testing or re-testing for NDIS
- Assertive outreach

This also includes CHN operational costs to support this work.

Activity Priorities and Description

Program Key Priority Area *

Mental Health

Other Program Key Priority Area Description**Aim of Activity ***

To commission person-centred and recovery-focused psychosocial support services to support new and existing eligible consumers.

Description of Activity *

ACT PHN have commissioned 2 organisations to deliver streamlined psychosocial services. This will include streamlining the services previously funded under Continuity of Supports and the National Psychosocial Measure.

These services aim to:

- increase functional capacity to live independently in the community;
- reduce the need for acute mental health services;
- increase connection and reduce isolation;
- increase knowledge and skills;
- increase engagement in daily activities, relationships and the community;
- improve or stabilise mental health and wellbeing;
- improve self-confidence and independence;
- move towards personal recovery goals;
- and support access to appropriate supports, including the NDIS where appropriate.
