Activity Priorities and Description

Program Key Priority Area *

Alcohol and Other Drugs

Other Program Key Priority Area Description**Aim of Activity ***

To commission specialist AOD counselling services, provided by suitably experienced registered clinicians with AOD experience which is supported by case management.

Description of Activity *

Primary objectives of AOD treatment are:

- To reduce the client's level of substance use
- To reduce the client's experience of AOD related harm
- To build the client's capacity to better understand and manage their own health and wellbeing.

Achieving these objectives is largely associated with more positive outcomes and sustained reductions in AOD related harms and

use. Long-term treatment success is more common with longer treatment duration and associated with the more intensive structured treatment modalities (e.g. counselling).

To deliver this activity, ACTPHN has commissioned a range of service providers to deliver counselling and case management services across the ACT PHN including the triage and comprehensive alcohol, tobacco, and other drug assessments and:

- Mental health screening
- Brief intervention
- Suicide risk assessment
- Screening for family violence
- Individual treatment plans
- Routine use of validated screening measures
- Evidence based psychological interventions
- Provide specialist AOD counselling for adult with several AOD use who are involved with the ACT justice system.
- Assist Aboriginal and Torres Strait Islander people gain access to culturally sensitive AOD services and assist with casework, referral and advocacy to enable clients to engage with broader community services

Other Program Key Priority Area Description**Aim of Activity ***

To ensure culturally appropriate AOD service provision for local Aboriginal and Torres Strait Islander communities.

Description of Activity *

Significant proportion of the population in mainstream drug and alcohol services in the ACT identify as Aboriginal or Torres Strait Islander.

The ACT PHN needs assessment has identified the need for culturally appropriate mainstream services. ACT PHN funds a mainstream drug and alcohol service, with extensive experience in delivering culturally appropriate care to Indigenous clients. These services have a focus on the provision of culturally appropriate case management for people waiting for residential rehabilitation services and people exiting residential services that require ongoing case management support. The service increases access to appropriate specialist counselling services and other interventions that may be required.

Activity Priorities and Description

Program Key Priority Area *

Alcohol and Other Drugs

Other Program Key Priority Area Description**Aim of Activity ***

To provide specialist Alcohol and other drug (AOD) treatment services with the aim of;

-Helping reduce pressure on community and hospital services

-Promoting stable and viable

locate health services, and

- Improving peoples access to essential health services, which in turn will improve health outcomes and prevent disease

CHN has also allocated funding for an evaluation that corresponds with the funding cycle ending 30 June 2025.

CHN has commissioned 360Edge to undertake this evaluation.

Description of Activity *

The primary objectives of this program are to provide a withdrawal support service that

-helps reduce the pressure on

community and health services

-Supports long term reform by improving peoples access to

essential health services -Addresses the increased demand for access to drug and alcohol treatment services

Facilitates evidence based treatment for clients using a range of substances, and based on their needs locally

The commissioned service does this through delivering a non-residential drug withdrawal service supporting ACT residents with

low to moderate withdrawal symptoms, Utilising AHPRA registered nurses with AOD experience, and in collaboration with GPs and pharmacists. This service provides;

- Comprehensive Alcohol, Tobacco and Other Drug (ATOD) assessments

- Support to individuals to cease or reduce substance abuse
- Step up/Step down response for clients requiring withdrawal/stabilisation
- An integrated and coordinated care pathway linking clients with aftercare AOD services, community and wellbeing services

36Edge Evaluation of the Karralika Non Residential Withdrawal Support Service project commenced late in 2022 and continues to be delivered on track. The evaluation will provide CHN and Karralika Programs with an independent assessment of the program's operations and performance and inform ongoing service improvement, and recommissioning planning.
