

Find patients with an active diagnosis of COPD or emphysema who has not claimed MBS 11505 or 11506 (spirometry) in the last 12 months

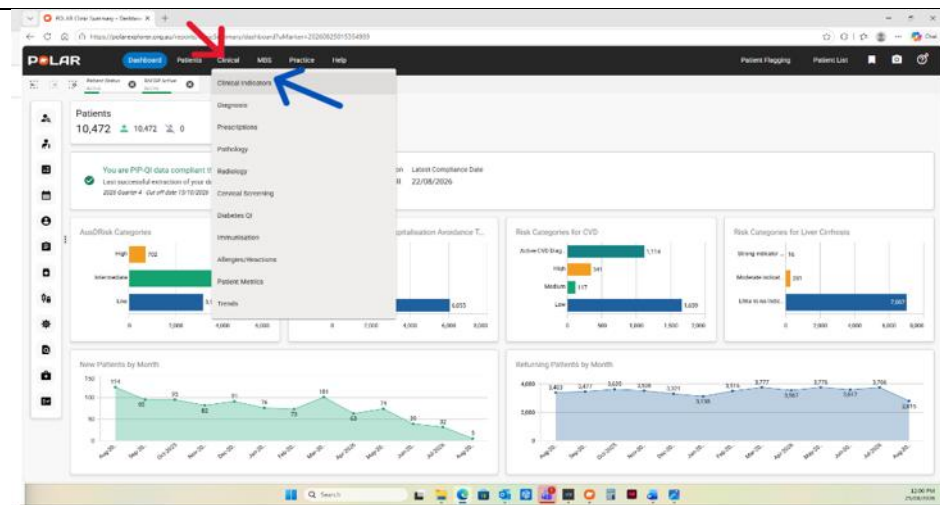

Start by selecting the **Quick Filter for RACGP & Practice Active Patients**.

This ensures that **ONLY** patients that have had three visits (across multiple days) in the past 2 years and are active in your clinical software are selected.

Select the **Clinical** tab

Select the **Clinical indicator** from drop down
